BENCH WARRANT

Served and Prisoner at Once Gave Bond.

Leslie Lewis, a colored boy who was recently indicted for malicious uttering, was arrested Saturday on a bench warrant. Bond was fixed at \$300, which was furnished and Lewis was released.

His case is set for the fourth day of the June term of Circuit Court.

BOW-HORD.

Former Pembroke People Married in Louisville Last Week.

Miss Annie Hord, daughter of Mrs. Henrietta Ford, of Pembroke, and Dr. Howard Bow, son of Rev. J. G. Bow, formerly of the same place, were married in Louisville last week. The young couple have a host of friends in this city who extend best wishes.

DROWNED.

Kirkmansville Youth Loses His Life While Seining.

Stepped into Ten Foot Hole And Sank to The Bottom—Body Recovered.

Dillard Powell, a well known young farmer of the Kirkmansville neighborhood, was drowned while seining Saturday. He and four or five companions had been seining in a stream near that place and decided to try deeper water. Young Powell, who wore a heavy overcoat and boots, waded out into the water to test the depth and stepped into a hole. He sank in about ten feet of water and despite the efforts of his companions to rescue him drowned as above stated. The body was not recovered for several hours.

Powell was a son of Mr. Levi Powell and was about eighteen years old. He was a very popular young man and his untimely death is a source of much regret to his host of friends.

The remains were laid to rest in the family burying ground Sunday.

WANTS \$5,000.

Traveling Salesman Asks Damages of Dr. McCormick.

F. W. Jones, a traveling salesman, filed suit here yesterday against Dr. E. B. McCormick for \$5,000 damages. Jones alleges that while Dr. McCormick was health officer at Owensboro he permitted plaintiff to take board at a house in which the proprietor had been smitten with smallpox, and that a son of the proprietor had the disease and was permitted to remain in the house during its course. Plaintiff further states that he contracted the disease, was forced to spend 31 days in the pest house, and that defendant intentionally concealed from the public the fact of the prevalence of the disease in the house when he entered it.

MISSOURI CAPITALISTS

Have Purchased Grand Rivers and Will Erect Factory.

Capitalists of St. Louis have purchased Grand Rivers, a boom town 17 miles west of Princeton, established in 1880 by Multi-Millionaire Thomas Lawson, of Boston, but abandoned during a panic, causing many thousands dollars' loss in 1892. The St. Louis capitalists gave \$500,000 for the property, and will begin the erection shortly of a mammoth wire, steel, and nail factory, employing thousands of people. The great iron furnaces have lain idle since Lawson abandoned the place.

INCISION IN SIDE.

Made By Surgeons and Fluch Pus Was Removed.

An operation has been performed on the little son of Mr. W. S. Elgin to remove the pus accumulation from his right side caused by pneumonia. The little fellow had been in a very dangerous condition for several weeks, but is now much better, and the chances for his recovery are considered good. He has been ill for eight weeks.

SECOND ATTACK

Of Typhoid Fever Causes Death After Brief Illness.

The wife of Bunk Jones, a well known farmer of near Kirkmansville, died Sunday afternoon of typhoid fever, aged 40 years. It was the second attack of that dreadful disease. She is survived by a husband and six small children. The interment took place yesterday afternoon in the Hale burying ground.

ASYLUM MUDDLE.

Dr. McCormick Asked to Resign From His Position.

Gives Out a Salty Statement, Charging a Political Conspiracy—The Board Stands By Him.

For some time there have been signs of trouble in the Western Asylum, growing out of the fact that Dr. McCormick was disposed to run the institution according to his own ideas, which did not at times coincide with the notions of his superiors. These troubles culminated two weeks ago in formal charges brought by W. J. Chiles and Mrs. Chiles, alleging that Dr. McCormick had been guilty of immoral conduct with Miss Hannah York, an attendant who has since married. It was alleged that he spent several hours in a room on the fourth floor with Miss York, the charges being based on this circumstance.

The following signed statement was given to the daily papers Sunday afternoon by Dr. McCormick:

Dr. McCormick's Statement.

"In view of the fact that reports of charges against me have appeared in the newspapers, I deem it best to make a plain statement of the matters as far as touched upon in the press dispatches, and also in order to show my reasons for resorting to and demanding an investigation and to explain why I have resigned as urged by State Inspector Hines.

"Miss Hannah York, now Mrs. C. D. Mason, of Clinton, Ind., the attendant slandered by Chiles, was in the asylum when I took charge, my predecessor, Dr. T. W. Gardner, of Madisonville, Ky., recommended her highly as a young lady of excellent character and a most efficient attendant. I found her to be such, and no reflection upon her character had been heard from any source prior to Chiles' mendacious assault. On the day I called to see Miss York on business, she had that morning, in the presence of another attendant, asked to have a consultation with me after her day's duties were concluded at 3 o'clock.

As I was going to be otherwise engaged that evening, I called at her ward and was told by the attendant, who had relieved her, that she could be found in another attendant's room on the floor above. I went to the room and held a conversation with Miss York, lasting perhaps forty minutes. She asked me not to allow her to be changed from the ward she then had charge of, it having been proposed to transfer her on account of her efficiency to a ward in one of the cottages. She also discussed the matter of quitting the asylum, as she was, I afterwards learned, engaged to be married to C. D. Mason, of Clinton, Ind., an attendant under the former administration. Nothing occurred in the entire interview in any wise improper. It was purely official and relating to Miss York's business relations with the institution. Any statement to the contrary is mendacious and malicious.

"After learning of Chiles' charges against me, I laid the entire matter before the Board and asked an investigation, and the Board officially requested the Governor to order a full legal inquiry.

"This was not granted to me.

"Prior to this I had been in person to see the Governor. When I returned, Chiles accompanied by Dr. W. E. Lackey, first assistant physician, went to Frankfort and both held an interview with the Governor. A member of the Board at the same time called on the Governor and laid before him the resolutions adopted by the Board and told him that I was anxious for an opportunity to establish my innocence. The Governor told this gentleman that the charges against me

HEADQUARTERS

For Everything in High-Class, Up-to-Date Dry Goods.

Black Silks, Fancy Silks, Black Dress Goods, Colored Dress Goods, Fancy Goods White Goods, Dress Trimmings, Lace Curtains and everything to be found in an Up-to-Date store. First-class goods at low prices are genuine bargains, but inferior goods are dear at any price. It has always been the aim of this house to get the best and sell only the best that a given sum of money can buy. Carpets, Mattings and Linoleums in all the new colors and designs. Don't you know it will pay you to buy from Headquarters?

T. M. JONES,

Main Street.

HOPKINSVILLE, KY.

I do not pay railroad fare, but I sell goods so cheap that my customers can pay their own fares and still have big money by trading with me.

were not of a character to justify my removal and Saturday night in a talk to me over the telephone he left me under the same impression. On Monday following I discharged Chiles and his wife. Chiles had all along proven to be a source of trouble in the asylum. He had been disappointed because he was not given an office, his wife being among my appointments as matron. As no office remained for him, he became an attendant. He was recommended to me by the men who are now trying to secure my removal. He displayed so much hostility to me that I called the attention of Inspector Hines to his attitude and Mr. Hines talked to him in my presence and he agreed to change his course and give me no further trouble. I then gave him a more desirable line of work and he expressed himself as satisfied. This was not long after a vacancy had occurred in the supervisor's office. Chiles wanted this place, but I appointed Dick Robinson, of Bowling Green, one of Inspector Hines' friends. His next move was to prefer the false charges as above referred to.

About three weeks ago I obtained undoubted evidence that a conspiracy existed to bring about my removal. A letter addressed to Dr. Lackey by Prison Commissioner Geo. V. Green was left lying in one of the public rooms of the asylum. It urged Dr. Lackey to stand firm and not weaken on his statements and "McCormick would soon be out of the way." I took the letter and confronted Dr. Lackey with it and charged him with double-dealing and an unpleasant episode resulted in the presence of several witnesses. After a long talk over the matter we came to a friendly understanding again and I again thought my troubles were to some extent over. But I was not allowed to rest. This was just before Chiles and Lackey went to Frankfort. After I discharged Chiles the conspirators began anew and Inspector Hines appeared Wednesday with a request for my resignation. The Governor stated that it was advisory and not mandatory. Then again the Board met and adopted still stronger resolutions and renewed the demand that I be given a chance to vindicate myself and show the motives behind the conspirators to get me out of the way. I made a report to the Board explaining the imperative need of investigating the official misconduct of some of the very men who are persecuting me. These matters and their own belief of the conspiracy existing were referred to in the second demand for an investigation.

"I am not only desirous to establish my innocence of the contemptible charge made against me, for it not only affects me and my family but that of a woman whose virtue has been her ally; but in order to show the infamous conspiracy which has been hatched against me. It is indeed an easy matter to slander the good name and fame of any man, especially a man of my position.

pecially in my profession; but as long as justice sways the scepter of power in our old commonwealth, I feel that a man who has his all at stake ought to at least be allowed to confront his accusers and disprove their charges if in an open tribunal they can find sufficient courage to speak their out.

E. B. MCCORMICK.

The Board's Action.

The resolutions referred to above are here given:

"Whereas, at a called meeting of the Board of Commissioners of the Western Kentucky Asylum for the Insane held on 15th day of April 1901, a resolution was adopted requesting the Governor to institute and cause to be made a full and fair legal investigation of certain charges against the moral character of Dr. E. B. McCormick, Superintendent of said Institution and the President of said Board being directed therein to furnish a copy of same to His Excellency which was there and whereas the Governor for reasons best known to himself has taken no notice of this request, and whereas this Board is reliably informed that the Governor has requested the resignation of Dr. E. B. McCormick as Superintendent of said Institution, and whereas it has come to the knowledge of this Board that charges of a grave nature have been circulated against other officers of said Institution, and whereas said rumors against the said Superintendent and other officers have been circulated through the entire community thereby injuring the Institution, indirectly casting a reflection upon this Board, and whereas this Board believes from all the facts it has been able to gather that said charges against said Dr. E. B. McCormick are the result of a conspiracy to injure his character and compel his resignation or removal, now therefore in view of these premises be it resolved:

1st. "That this Board believes said charges against the moral character of Dr. E. B. McCormick to be false.

2nd. "That in justice to this Board, to the character of the Institution and its management, and to all parties concerned, we insist that a full and fair legal investigation of all the charges made against the said Superintendent and other officers be instituted by His Excellency and prosecuted to completion, and that a formal report of the facts be made.

3rd. "That the Governor be and he is hereby requested to withdraw his request for the resignation of Dr. McCormick pending such investigation.

4th. "That the Secretary of this Board is hereby instructed to furnish a copy of these resolutions to His Excellency, the Governor of the Commonwealth."

The Board is composed of the following gentlemen:

Charles Knight, President, Dr. James Breathitt, Rep. J. W. Dowder, Rep.

Hopkinsville Kentucky.

OFFICE IN FRONT MAIN STREET.

TUESDAY, APRIL 30, 1901.

The great Louisville Derby came off yesterday and a big crowd was in the city.

Mr. H. W. Jones has bought the Marshall Democrat from Mr. L. E. Good.

Count Tolstoi is to be banished from Russia and will take up his residence in Paris.

Since the discovery of oil at Beaumont, Texas, Jan. 10, 174 oil companies have been chartered in Texas.

Senator Jas. K. Jones, of Arkansas, will have a hard fight for re-nomination. There are several candidates out against him.

Henry R. Lawrence, of the Cadiz Record, is a candidate for the democratic nomination for representative in Trigg county.

Mr. W. J. Harahan has again been promoted in railroad work and is now superintendent of the entire system of the Illinois Central.

Commonwealth's Attorney Frank Parsons, of Louisville, died last week and Gov. Beckham will be called upon to appoint his successor.

A young doctor in New York, 28 years old, wants to raffie himself off as a lottery prize and marry the girl who holds the winning ticket.

Lee Kewcher and Miss Lizzie Hook, deaf mutes, were married at Evansville last week. They were graduates of a Deaf Mute School, where they met and fell in love.

A special examination will probably be arranged for the new army Lieutenants, as it is realized that they cannot pass if the regular standard is required.

Minister Conger failed to carry out the president's ideas in some respects in China and it is not thought he will be returned. He is a receptive candidate for Governor of Iowa.

Thos. E. Ketchum, train robber, lost his head at Clayton, N. M., Friday. He was being hanged and the drop was so great that it jerked his head off. The rope broke but the sheriff who was officiating let it go at that.

The President has announced the appointments for the new Eastern Kentucky Federal Judicial district as follows: A. M. J. Cochran, Asheville, Judge; James H. Tinsley, Harboursville. Attorney: Steve Sharp, Lexington, Marshal.

The Cuban delegates were much impressed with the way they were welcomed and dined in Washington and it is thought they were won over to the support of the Platt amendment. The President saw them finally Friday, preparatory to his departure for the West.

The remains of Abraham Lincoln and members of his family, which have rested in a temporary stone vault near the National Lincoln monument in Springfield, Ill., since March 10, 1900, when the work of rebuilding the monument was commenced, were Wednesday afternoon replaced in the crypt in the monument.

Means of Outing for Catarrh That Contains Mercury

As mercury will surely destroy the system of nerves and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescription from reputable physicians, as the damage they will do to the blood is the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and it takes internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Toledo, Ohio. Hall's Family Pills are the best.

The Stimulus of Pure Blood

That is what is required by every organ of the body, for the proper performance of its functions.

It prevents biliousness, dyspepsia, constipation, kidney complaint, rheumatism, catarrh, nervousness, weakness, faintness, pimples, blotches, and all cutaneous eruptions.

It perfects all the vital processes.

W. P. Keeton, Woodstock, Ala., took Hood's Sarsaparilla to make his blood pure. He writes that he had not felt well for some time. Before he had finished the first bottle of this medicine he felt better and when he had taken the second was like another man—free from that tired feeling and able to do his work.

Hood's Sarsaparilla Promises to cure and keeps the promise. Accept no substitute, but get Hood's today.

The troubles at the Western Asylum appear to be more of a political nature than otherwise. The real trouble, in the opinion of the Board, is outside and not inside the institution. The KENTUCKIAN opposed the appointment of Dr. McCormick, or rather supported another man for the place he holds. We do not now know the full nature of the charges made against him, but we believe he is entitled to a fair showing. We would say as much if he were a Republican. A physician's character is his capital in business. Dr. McCormick's removal without a full legal investigation could not meet the approval of any fair minded man. It would give credence to charges the Governor has once passed upon and held to be insufficient.

A great deal has been published, of late, on the career of General Funston, but the subject is approached from an unusual point of view by Prof. James H. Canfield in the Review of Reviews for May. Dr. Canfield was one of Funston's college teachers in the University of Kansas. He writes appreciatively of the qualities displayed by young Funston in the classroom, recalling that he was himself once fairly "floored" on a point in economics by his brilliant pupil.

This monthly mirror of the world's news, the Review of Reviews, covers in its May issue a great variety of current political and industrial topics, including the recent municipal elections, the Cuban and Philippine situations, the relations of labor to the new steel trust, the threatened war between Russia and Japan, and England's enormous war taxation.

It is said Gov. Beckham will tender the appointment of circuit judge to Hon. Jas. D. Black, of Harboursville, to succeed Judge Tinsley. As the district is overwhelmingly Republican, it is not likely that Judge Black would accept for only six months, but as the term is more than half off his appointment might last until 1904.

Prof. Algier R. Crook, a bachelor professor of the Northwestern University, recently stated in a public lecture that he never hugged or kissed a woman. Perhaps the old boy has confined his caresses to young girls.

A posse has started after the Letcher county kuklux leaders who are defying arrest, and a battle is expected when the two forces meet. The military company has disbanded and many of the members will join the posse.

Quickly Avenged.

Elberton, Ga., April 26.—Miss Rhoda Alexander was assaulted by a negro workman near her home Wednesday. Friends of the family captured the negro and lynched him.

SCHOOL TRUSTEES.

Dr. Stites and Mr. Galbreath Will Stand For Re-Election.

Next Saturday is the regular day for the election of two trustees for the Hopkinsville Public Schools for three years. Dr. F. M. Stites, President of the Board, and Mr. John B. Galbreath, who has been a member for nine years, are the retiring members and both have consented to stand for re-election. There is no opposition so far as known and they will probably be re-elected for another term.

DATE FIXED.
Old Fiddlers Will Draw the Bow at Springfield.

The gentlemen having in charge the arrangements for the 'Old Fiddlers' Contest' have decided on holding it Thursday night, May 10th, says the Springfield, Tenn., News. This contest is to be given for the benefit of the Tabernacle and after the expenses for holding the contest are paid the balance of the money will be used toward paying the large debt now hanging over that magnificent building.

The program and list of prizes will be published next week. The prizes are being donated by the business men of the town and it is expected that they will be competed for by fiddlers from Summer, Davidson, Chattanooga, Montgomery and Robertson Counties, Tennessee, and Logan and Christian Counties, Kentucky.

VEHICLE DEMOLISHED

And Occupant Badly Bruised But Not Seriously Hurt.

While Mr. Frank Ragsdale was returning from a business trip to Todd county last Saturday evening, and when near Allegrew, his horse became frightened at a dog and ran off. The buggy was overturned and Mr. Ragsdale thrown violently to the ground. He was considerably bruised and the skin was peeled from his head, but his injuries are not of a very serious nature. The vehicle was demolished.

A Testimonial from Chas. England.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. William Savory, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well. It is a great pleasure to the manufacturer of Chamberlain's Cough Remedy to be able to publish testimonials of this character. They always feel great good in being done, pain and suffering relieved and valuable lives restored to health and happiness by this remedy. It is for sale by all druggists."

MUSIC FESTIVAL.

Louisville Musical Event Only Two Weeks Off.

With the May Music Festival but two weeks hence, the outlook for the annual season of melody and song is brilliant. Wide interest is being taken in the concerts here and throughout the State, and there is every indication that large and splendid audiences will hear every concert.

The feature of this week will be the opening of the sale of single tickets on Wednesday morning at the Auditorium box-office. Only two more days remain, therefore, in which to secure the advantages of a season ticket, for no season ticket will be sold after Tuesday.

The advantages of the season ticket are numerous. Not only does it give the purchaser an earlier choice of seats, but there is embraced a considerable saving of money. The prices of single seats for the night performances range from \$1 to \$2.50, while the matinee prices will be from fifty cents to \$1.50.

A big rush for single seats is expected. The sale of season tickets has been satisfactory.—Courier-Journal.

The Best Blood Purifier.

The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of them will do you more good than a dollar bottle of the best blood purifier. Price, 25 cents. Samples free at all druggists.

Mrs. West Improving.

Mrs. Jas. West, who with her husband, went to Asheville, N. C., ten days ago, is now in Winyah Sanitarium at that place, being treated. She was thought to be improving last Thursday when Mr. West left for home. Her many friends hope that she may be permanently benefited by her stay.

Laurels Again!
The Paris Exposition has awarded the Gold Medal to
I. W. HARPER KENTUCKY WHISKEY
and medals were also awarded for the best quality of the product.
Sole by W. R. Long, Hopkinsville, Ky.

LOWENSTEIN-WOLFF.

Nashville Merchant Marries Talented Young Princeton Lady.

Mr. Leopold Lowenstein, a prosperous merchant, of Nashville, Tenn., and Miss Lillian Wolf, a very pretty and talented young lady of Princeton, Ky., were married at the home of the bride last night. Both the bride and groom are well known in this city, where they have frequently visited, and their many friends have extended congratulations.

The Best Remedy For Rheumatism.

QUICK RELIEF FROM PAIN.
All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Smith, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by all druggists.

HEAVY DAMAGE SUIT

Filed Against Railroad Company by An Engineer.

J. A. Thomas, an L. & N. engineer, filed suit here against the railroad company for \$15,000 damages. Thomas alleges that a year ago at Henderson one of his ribs was fractured and that he was otherwise badly injured while working a lever on his engine on which the counter balance spring was not perfectly adjusted, causing him to unduly strain himself.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend any work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by all druggists.

FIRED FROM COVER.

Attempt to Take Life of Non-Union Miners.

Earlington, Ky., April 27.—An attempt to take the life of a non-union miner was made at Morton's Gap about 1:30 o'clock this morning after the miner had returned from his night shift. Some one fired a shot into the house which narrowly missed Abe Parker, the miner, who sat before his fire warming before retiring. Parker is employed by the St. Bernard Coal Company and that company has offered \$200 reward for the arrest and conviction of the man who did the shooting.

For Sale.

All watches, clocks and jewelry left for repairs at M. D. Kelly's one year ago, or over, if not called for before the first of May next will be sold for charges.

Garden Seeds.

G. G. Greer has nice fresh bulk and package garden seeds, also onion sets. Virginia street, phone 102-3.

WANTED—Capable, reliable person in every county to represent large company of solid financial reputation; \$500 salary per year, payable weekly; \$5 per day absolutely sure and all expenses; strict references and entire satisfaction; salary paid each Saturday and expense money advanced each week. STANFORD HOUSE, 224 Dearborn St., Chicago.

WANTED—Trustworthy Men and Women to travel and advertise large company of solid financial standing. Salary \$750 a year and expenses; all payable in cash. No experience required. Send references and enclose self-addressed stamped envelope. Address Manager, 255 LaSalle Bldg., Chicago.

Good Clothes.

Are a good investment for any man. Not flashy clothes, but clothes correct in style, perfect in fit and faultless in those seemingly trivial details that are the ear marks of gentility.

We sell the best makes of clothes that comes to this market. Our line of childrens goods is unsurpassed, and it is needless to say that the Widow Jones' suits are the best. Our line of hats and furnishings are complete, prices are right low and lower than any.

Who Dr. McCormick Is.

Dr. McCormick is an Owensboro man and was appointed ten months ago. He came here a stranger and has made many friends among Hopkinsville people. In fact the attitude of the Board toward him is a fair indication of public sentiment, which is practically unanimous in his favor.

The Owensboro Messenger, his home paper, says of the trouble: "The above telegrams from Hopkinsville and Frankfort, showing charges made against Dr. E. B. McCormick, of this city, will be received with surprise and indignation by his friends here. His earnest stand for an investigation is characteristic of the man, than whom none stands higher in the estimation of the people of Owensboro. His vindication by the commissioners, five of whom are Republicans, is a strong attestation of his innocence."

INSPECTOR HINE'S REPORT.

The Basis For Gov. Beckham's Position in Asylum Flatters

Frankfort, Ky., April 28.—The formal report of State Inspector Henry Hines, on which Gov. Beckham in part bases his position in the request for Dr. McCormick's resignation, will be filed at Frankfort in a day or two. It is said here that friction between Superintendent McCormick and his subordinates has existed for some time, and that for that reason Dr. McCormick's administration has not been as satisfactory as was expected it would be. When this trouble came up the State Inspector was sent to Hopkinsville to make an investigation, and on his official report the Governor has relied in the main as a basis for action.

TO ASK A HEARING.

Owensboro Physicians Believe Dr. McCormick Is the Victim of a Conspiracy.

Owensboro, Ky., April 28.—A meeting of the physicians of this city was held this afternoon, and Dr. S. S. Watkins was appointed to go to Frankfort Monday for the purpose of asking Gov. Beckham to give Dr. E. B. McCormick, of Hopkinsville, a hearing. Dr. McCormick was born in Daviess county, and for many years practiced medicine in this city. The citizens, as well as the physicians, of Owensboro, who know him best, believe as does he that he is a victim of conspiracy, and a fair investigation is all that is needed to exonerate him of the charges preferred against him.

BEST FOR THE BOWELS

If you haven't a regular, healthy movement of the bowels every day, you are in danger. Keep your bowels open, and let the waste go. In the absence of regularity, all poisons, and especially the poisons of the blood, are absorbed into the system, and the result is a general debility, and a tendency to all kinds of diseases.

CANDY CATHARTIC
Cascarets

THEY WORK WHILE YOU SLEEP

EAT 'EM LIKE CANDY
Fruit, Peppermint, Chocolate, and other flavors. Never sticky, sweet, or greasy. In the shape of a small, round, candy, and is so easy to eat. Address: **W. L. DUNN, CHICAGO, ILL.**

KEEP YOUR BLOOD CLEAN

MORE FROST.

Much Stormy Weather Predicted For Month of May.

Month Goes Out With Warm Wave and Final Storm of Wide Extent.

Hicks, in his May forecasts sums up the weather as follows:

Up to May 9th the Mercury perturbation which was central on April 29th, will continue in force, blending its peculiar characteristics with the reactionary disturbance from the 1st to 3rd, and with the regular storm period from the 5th to 10th. A rapid rise of the barometer, with cool west winds and frost northward, will follow these reactionary storms, spreading eastward and southward before the appearance of the storm conditions due on the 6th to 9th. Look for some very active storms of rain, wind and thunder from Monday the 6th to Thursday the 9th.

On and about Sunday the 12th to Tuesday the 14th will fall a marked reaction to storm conditions.

The Vulcan or "regular storm period," central on the 18th, brings with it Moon's perigee on 17th and new Moon at an eclipse node on the 19th, a total eclipse of the Sun falling on the latter date. This eclipse will not be visible in this country. Great warmth for the season, very low barometer and heavy storms of rain, wind and thunder are more than probable from Friday the 17th, to Monday 20th. The same days constitute, also, the most probable earthquake period for the month. Very cool nights will follow with the higher barometer from about the 19th to the 22nd. Frost in the north very probable during these nights.

A reactionary storm period runs from the 23rd to the 25th. When they once begin, until the barometer makes a decided rise, and a change to west winds and much cooler occurs, heavy, threatening, thunder storms are almost certain to recur about the same hour of day or night for several days, breaking up with a final storm of wide extent and dangerous force. Very cool to cold nights, with frosts in many sections, often follow the breaking up of these daily May storms. The month goes out in the midst of a Vulcan storm period which is central on the 30th. A warm wave for the season, falling barometer and wide storm areas will be advancing from western extremes during the closing day of May.

FIRE NEAR ELMO.

Walton Garrott's Residence and Its Contents Destroyed.

The residence of Walton Garrott, a well known and prominent citizen of the Elmo vicinity, was destroyed by fire early Wednesday morning says the Pembroke Journal. It is supposed that a defective flue caused the blaze. Mr. Garrott discovered the fire about daylight, while returning from the stable, where he had gone to attend to his stock. The fire had gained considerable headway when discovered and nothing could be done to save the building. All the contents of the building, with the exception of one or two beds, were consumed. The loss is considerable, with a small amount of insurance.

MAY 17, 18, 19

Date of State Universalists Convention Which Meets Here.

The State Convention of Universalists will be held in this city May 17, 18, 19. Rev. O. H. Shion, the general Missionary, will be present, and all the churches in the state will send delegates. An excellent program has been arranged for the meeting.

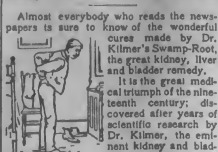

Good Position.

Mr. Jas. L. Long, of this city, who has been located in Guthrie for several months, left here yesterday for Knoxville, Tenn., where he has accepted a position with Geo. F. Barker & Co., contractors, as architect.

Mr. Long is well up in the business and will no doubt make the firm an excellent man. The position is a lucrative one and his many friends will learn with pleasure of his success in securing such a place.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmor's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmor, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmor's Swamp-Root is not recommended for anything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmor & Co., Birmingham, N. Y. The regular fifty cent and dollar size are sold by all good druggists.

DIED IN CALIFORNIA.

Former Resident of La Fayette, This County, Passes Away.

Information has just been received here concerning the death of Mrs. C. B. Pittman, which occurred in California.

Prof. Pittman and his wife had until recently been living at Lafayette, where the former had charge of a school, but on account of the continued bad health of Mrs. Pittman they went to California about two months ago. She gradually grew worse, however, until relieved by death. The remains were brought back to this State and interred at Frankfort.

Prof. Pittman has the sympathy of a large circle of friends in this county in his bereavement. He is now at Greenville, where he will remain for a while.

SEEKS LEGAL SEPARATION.

Alleges Abandonment—Married Thirteen Years.

George Burgess has filed suit for divorce from her husband, John R. Burgess. In the petition plaintiff states that she and the defendant were married in this county Dec. 25, 1888 and lived together until March 1, 1900. Cruel treatment and abandonment are alleged. Plaintiff seeks on absolute divorce and the custody of her three sons.

PRINCIPAL WITNESS

Against Will Morrison, Slayer of Douglas Coffman, Dead.

George Powell, col., the principal witness against Will Morrison, of Elmo, who killed Douglas Coffman at Springfield, Tenn., in December, 1899, died in Springfield a few days ago.

Morrison, who was convicted and sentenced to be hanged, was granted a new trial, and the death of the negro may have an important bearing on the result of the next trial.

Consumption

is, by no means, the dreadful disease it is thought to be in the beginning.

It can always be stopped in the beginning. The trouble is; you don't know you've got it; you don't believe it; you won't believe it—till you are forced to. Then it is dangerous.

Don't be afraid; but attend to it quick—you can do it yourself and at home.

Take Scott's Emulsion of Cod Liver Oil, and live carefully every way.

This is sound doctrine, whatever you may think or be told; and, if heeded, will save life.

If you have not tried it, send for free sample, its agreeable taste will convince you. **SCOTT'S EMULSION OF PURELY COD LIVER OIL.** BOWNE, Chemists, 409 East Third St., New York. 50c. and \$1.00; all druggists.

THE LAETARE MEDAL.

Famous Order Established by Indiana's Catholic University Goes to W. Hencke Cockran.

W. Hencke Cockran, the New York orator and lawyer, has been chosen this year by the faculty of the University of Notre Dame to receive the Laetare medal.

Eighteen years ago, when the faculty of Notre Dame determined to choose each year from the ranks of the Catholicity of the United States a man or a woman conspicuous in furthering the interests of morality, education, citizenship, and to confer on him some tangible mark of honor that should bear witness of the ap-

W. HENCKE COCKRAN
(Distinguished New York Lawyer, Orator and Statesman.)

probation and sympathy of Notre Dame. Dr. John G. Shea, the historian, was chosen to be the first recipient of the medal. The list of subsequent names numbers some of the most prominent Catholic men—both men and women—of the United States. Since 1883, the year in which Dr. Shea was the recipient, the following men and women have received the honor in the order named: Patrick J. Keeley, architect; Eliza Allen Starr, an artist; Gen. John Newton, civil engineer; Patrick V. Hickey, editor; Anna H. Dorsey, novelist; William J. Onahan, publisher; Daniel Dougherty, orator; Maj. Henry P. Brownson, soldier and scholar; Patrick Donahue, editor; Augustin Daly, theatrical manager; Gen. William S. Rosenkrantz, soldier; Anna T. Sullivan, author; Dr. Thomas A. Emmet, physician; Timothy E. Howard, jurist; Mary Gwendolyn Caldwell, philanthropist; John A. Creighton, philanthropist.

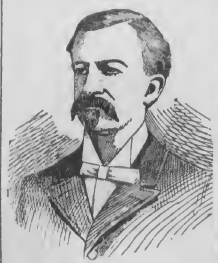

Mr. Cockran has been a devoted Catholic, giving his influence, voice and means to aid in upbuilding the church in America. He delivered a powerful oration at Cooper's Institute, New York, in 1891, directed against the spoliation of the propaganda. On the celebration of Archbishop Corrigan's jubilee, in 1898, he gave a large donation to the seminary fund. He is a frequent contributor to the extensive charities of the Church of St. Patrick Xavier.

Mr. Cockran is the youngest of those who have received the Laetare medal. The formal presentation will be made in New York by Archbishop Corrigan.

MURPHY J. FOSTER.

New Senator from Louisiana Opposes His Preference to the Anti-Lottery Sentiment.

Murphy J. Foster, of Louisiana, was doubtless elected to the United States senate because of the strong stand he took against the Louisiana lottery. He was the leader against the anti-lottery forces in 1890, when the legislature refused to

MURPHY J. FOSTER
(United States Senator from the State of Louisiana.)

grant the Louisiana lottery a renewal of its charter. The fight for the continuation of this charter was of national interest, and because of the tremendous power wielded by the lottery power in Louisiana, it was prolonged. As a reward for his services in this respect Mr. Foster was nominated for governor by the anti-lottery forces and defeated Mr. McEnery, who will be Mr. Foster's colleague in the senate, and who at the time was nominated for the governorship by the regular democratic forces. Mr. Foster served two terms as governor and now succeeds Mr. Caffery in the senate. Mr. Foster two years ago promptly put down a sympathetic strike in New Orleans when even the making of bread, delivery of water and maintenance of the city gas works was interfered with. He threatened to call out the militia, and within 24 hours the strike was at an end. Mr. Foster was born in Louisiana and is a lawyer by profession.

Hard on Impudent Webster.
Missouri is invited to curb the eloquence of lawyers in criminal cases. A new law in that state provides that the judge's charge shall precede the arguments of counsel.

A Cup of Good Coffee

To get a really good cup of coffee you'll have to start back of the actual making; you'll have to look to the roasting and the grinding. In ARBUCKLES' you have a coffee that's scientifically roasted, and delivered to you with all the pores of the berry hermetically sealed. You're sure of a good cup of coffee because all the coffee flavor and aroma are kept intact until you want it. The fame of ARBUCKLES' induced other coffee packers to put out imitations of it. These imitations cost the grocer (and you) a cent a pound less than ARBUCKLES'. But don't be tempted to buy a package of some other coffee when you can get

Arbuckles' Roasted Coffee

for it is actually less expensive than the cheap kind; goes further—besides being better flavored, more satisfying.

You will find a list of useful articles in each package of Arbuckles' Coffee. A definite part of one of these articles becomes yours when you buy the coffee. The one you select from the list will be sent you on condition that you send to our Notion Department a certain number of signatures cut from the wrappers.

A CLEAR HEAD;
good digestion; sound sleep; a fine appetite and a ripe old age, are some of the results of the use of Tutt's Liver Pills. A single dose will convince you of their wonderful effects and virtue.

A Known Fact.
An absolute cure for sick headache, dyspepsia, malaria, sour stomach, dizziness, constipation, bilious fever, piles, torpid liver and all kindred diseases.

Tutt's Liver Pills

Women don't dress your heads at the expense of your hands and feet.

It doesn't pay. If you have a good thing tell it right out. Don't use false means to attract attention. We say right out and mean it, too, that Dr. Caldwell's Syrup Pepsin will cure any case of stomach trouble. It will stop any pain caused by indigestion; it cures sick headache by attacking the cause of the complaint and aids you to digest your food a matter what you eat. Sold by C. K. Wyle.

Women shouldn't imagine their beauty will atone for untidiness.

"Stick to It." George L. Head of High Tower, Georgia writes: "Excess broke out on my baby covering his entire body. Under the treatment of the family physician he got so bad he could not sleep for the burning and itching. We used a box of Bennett's Salve on him as if by the time it was gone he was well. The doctor seeing it was doing him more good than anything I have done for him. All druggists.

Women should not wear a petticoat unless it is white.

Given up to the With Croup. Mrs. P. L. Corlier of Manning, Ky., writes: "My three year old girl had a severe case of croup, the doctors said she could not live and I gave her up to die. I went and got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life. All druggists.

Don't spoil the gown, women, for the yard of stuff.

How Are Your Kidneys? Dr. Hodge's Backache Remedy. It cures the Backache, Stiffness, Pain, etc. Price 25 Cents. R. C. Hardwick.

Women should not sacrifice fitness to fashion.

Nearly every person needs a tonic medicine at this time of the year to brace up and invigorate the nervous system, to cleanse the bowels, liver and kidneys. Herbine is the best and safest remedy to do this, as it will cure constipation, regulate the liver and enrich the blood. Price 80 cents.

Women should not be dashing—but dainty.

The Most Stubborn Coughs resulting from an attack of a gripe or heavy cold, must yield to the wonderful healing properties of Foley's Honey and Tar, which strengthens the lungs and makes them strong. All druggists.

Deeds are the only measure of our day.

Most women with female weakness suffer dreadfully with piles, in addition to their other pains. They may be cured by using Tabler's Buckeye Oil Ointment. Price 50c. in bottles. Tubes 75 cents. R. C. Hardwick.

It is folly to ask pity for your pains, as long as you continue to make your couch on the devil's thornbush.

B. PRESON, Presqueville, Kab., writes: "Nothing like Foley's Honey and Tar" is the universal opinion of all who have used it. Especially has this been true of coughs accompanying a gripe not a single bottle failed to give relief. All druggists.

The man who places the highest things first will be the first to get the highest place.

An ounce of prevention is worth a pound of cure, and a bottle of Ballard's Horehound Syrup used in time will save a state of physician with a drug store or two included. Price 25 and 50 cents. R. C. Hardwick.

The spendthrift who is always spending upon himself is as selfish and mean as the miser.

JOHN BROWN'S HOUSE.

State of Connecticut Thinks of Preserving and Converting It into a Historical Landmark.

An effort is now being made to preserve the birthplace of John Brown and properly mark the sphere, as a birthplace, he learned the trade of his father, a tanner. During this session of the Connecticut general assembly it will be attempted to have a sufficient amount of money appropriated to purchase the John Brown place and convert it into a historical landmark. DeWitt C. Kilbourne, of Litchfield, and other members of the Litchfield County Historical society are working to this end.

The place which John Brown's birth is within half a mile of the highest point

JOHN BROWN'S HOUSE.
(Located Five Miles West of the Town of Torrington, Conn.)

of ground in Connecticut, about five miles west of the busy town of Torrington. The old house is situated on a high bluff, with no other house within a mile of it. The house is built, almost of the houses were at that time 1787—with a granite chimney in the center of the building, which has its foundation in the cellar. The timbers used in the foundation, on which the big stones are laid, are of oak, 12 by 14 inches square, and hewn out by hand.

It was in the western front room that John Brown first saw the light of day. There are two windows in the room, one looking to the south and the other to the west. The first thing that impresses one on entering the room is the fireplace, before which John Brown sat and listened to the black logs crackling in the blaze as the winter winds howled through the sturdy oaks and stalwart chestnut trees in the woods which surround the two sides of the house. The fireplace is quite broken down, owing to the visits of relic hunters, who have taken away stones and bricks for souvenirs.

There are four rooms downstairs and three above. The great kitchen has the big fireplace and old-fashioned oven that most of the houses of that day had. A grown-up man can stand in the kitchen fireplace and look up the chimney and see the clouds soaring in the blue sky. The old crane which once swung in the fireplace is gone. A Torrington gentleman who was building a fine modern house took that from the ruins, and it now ornaments the fireplace in his new house. Three years ago the house was shingled, and the old shingles were carefully gathered up by relic hunters and taken away. The present owner is William M. Cook, and he enthusiastically plans to place the old landmark under the care of the state.

COMMANDER IN INDIA.

Gen. Sir Arthur Power Palmer Appointed to the Post with the Approval of King Edward.

Maj. Gen. Sir Arthur Power Palmer, who by King Edward's approval has become permanent commander in chief of the British forces in India has been for a long time commander

GEN. SIR ARTHUR PALMER
(Commander in Chief of the British Army in India)

of the Punjab frontier force and provisional head of the imperial service. He is an old-time Indian campaigner, thoroughly seasoned to the climate and the work. In the great mutiny of 1857, the year in which he entered the army, Gen. Palmer raised a regiment of Sikhs, which he commanded till the close of the campaign. In 1882 he fought in the bloody business upon the northwest frontier, and afterward in the Abyssinian war, in the Duffa expedition, in the Afghan war, in the Sudan, and as head of the campaign in the Chin hills. It is said he understands Indian military needs more than any other man in the empire.

Cork Put Her Eye Out. A careless waiter, while opening a bottle of cider in a Paris restaurant, so held the bottle that the cork struck Mlle. Andre in the eye, causing the loss of sight in that organ. She sued, and the restaurant proprietor was fined 5,000 francs.
